The Memorial Altar was decorated with the most beautiful flowers that our eyes have looked upon for many a day. It is itself a memorial of taste and beauty, and, for its cost, has been pronounced by good judges the most satisfactory work of its kind in America.

The sermon was a masterpiece. The ringing tones of Bishop Doane's voice, and the eloquence of his words will long be remembered by the great congregation viii. 5. "The example and shadow of heavenly things." After an appropriate introduction, he said:

Of the ceremony of Consecration we have not particularly spoken, as it differed but little from the form ordinarily used for the consecration of churches. It was, however, seem new. The Rev. The music of this portion of the Services was especially fine and very elaborate, being from the works of great compo ers. We think that that was beautiful and sublime. The entire services occupied about three hours, and a large portion of the congregation remained until the close.

THE BANQUET.

One of the features of the day that will not soon be forgotten by the hungry participants, was the grand banquet at the Tremont House, given by the generous The Bishop's description of the Cathe- laymen of Chicago. The bishops and all the clergy were invited, and a few laymen the good things that were served, but also for the evidence of the complete harmony represented, as shown by the following list taken from the Times report of the

Church Work in Erie.

The Young Ladies' Aid Society of St. Paul's Church, Erie, Pennsylvania, held, during the last week, their Loan Exhibition, with most successful results not only as regards the pleasure and interest afforded the community, but pecuniarily also, they having realized a greater sum than they needed for the object directly in view, viz., the completion of the outfit of a Missionary and his family, already, in large part, provided for; thus having a surplus for the needs of the poor, immediately about them. We learn that the sum obtained, clear of expenses, will reach from one hundred to one hundred and twenty five dollars. Each Advent should be to the Church a shout of victory and a sign of triumph. It should invigorate the weary hand and stiffen the feeble knees. *The Life of Benedict Arnold. His Patriotism and his Treason. By Isaac N. Arnold. Jansen, McClurg & Co. Chicago. \$2.50.

THE second meeting of the Northeas ern Deanery of Illinois was held at Waukegan on Thursday and Friday of last week. There were in attendance, of the clergy, the Rev. Clinton Locke, D. D., Dean, and the Rev. Messrs. Coolbaugh, (Rector of the Parish), Fleetwood, Knowles, Lytton, Perry, Ritchie, Stewart Smith and Street. The Rev. Dean Sweet, of Freeport, was also present. Evening Prayer was said on Thursday, and the sermon preached by the Rev. A. Ritchie, Rector of the Church of the Ascension, Chicago. On Friday morning there was a Celebration of the Holy Communion, at which the Dean was Celebrant and the Rector acting as Dean. At the subsequent Meeting, a Paper on 'Missions' was read by the Rev. Mr. Fleetwood. The next meeting is to be held at Highland Park, in April.

LAST Sunday, Mr. Holland of Trinity Church, Chicago, said, before his sermon that he wished to see the Sunday school, which met every afternoon in the chapel, double its present size within the space of a month, and he also wished the parish, by its contributions, and devotion to every good work, to not only equal, but surpass the sister parishes. The Inter-Ocean says "at this evidence of business, wavelets of sound like approving murmurs, rippled through the church."

THE Editor of the LIVING CHURCH wishes to acknowledge the receipt of a valuable present. He warns his brother editors against breaking the tenth commandment, when they hear that he has three volumes of the old Churchman, data man may be a Methodist 'high-Church- ing back to 1850; and six volumes of the man' without 'offense,' and that genuine Church Fournal, beginning with the first tolerance must in turn look in two directions." We notice among the events thronicled, the arrival of Bishop Kip in California (twenty-five years ago, last March), the death of Bishop Wainright, vives, and is known to the world of letters as a Shakespearean critic, the Rev. Henry N. Hudson, of Cambridge, Mass.

Brief Mention. Provinces and Cathedrals seem just now to occupy a large place in the thoughts of American Churchmen. Let us not fail to improve the Advent season in awakening the spirit of zeal and sacrifice which alone can make these institutions a living power. -The re-publication of "Our New Vicar" is receiving many expressions of approval from our readers. There is not a parish in the land that would not be the better for its circulation among the people. Rectors can do no better to strengthen their own hands and to build up their work, than by placing the LIVING CHURCH in every family in their cures. --- The Standard of the Cross says that the new Guardian is in appearance, "such as might be printed at any country office." We rather like the clear, strong imprint of our contemporary, and are disposed to stand up for it! But we havn't got through "Family Reading" yet. The same paper, referring to the publishing of the names of the Canadian clergymen who belong to the 'C. B. S," asks, "When shall we have the American list?" It could probably be had for the asking; so far as we know, the members are not ashamed to give their names. The "Standard" might easily get into the persecution business, but we doubt if there is much demand for it in the American Church, just now.——The Advocate of Holiness, awhile ago said, that a young preacher from Colorado came six hundred miles to attend the Bismark Grove camp meeting, for the express purpose of getting "fully saved." The first number of The Church Monthly Magazine has made its appearance, and is made up of sixty-four pages of reading matter, original and selected. It is edited by the Rev. The one that has come nearest to it, and most deserves it, is The Eclectic, and that is mostly a reprint of articles, which have appeared abroad. Deaths.

Entered Into Life.

On Monday, Dec. 1, after an illness of two weeks, the Rev. W. S. Speirs, priest, and for the past eighteen months incumbent of St. Andrew's Church, Warsaw, Indiana,

Our departed brother was one of the most faithdeeper trust in God none could have had; and he walked among men as one who seemed to realize that "the time is short," and had so learned to number his days as to apply his heart unto wisdom.

The grief of his parishioners is like that of be reaved children; and they are bereaved children -bereaved of the loving, unselfish care and devotion of one who yearned for the welfare of their souls as does a father for the material interests of his sons and daughters. It was for their souls he cared, making the temporalities of the parish of secondary importance.

The remains were taken to Hamilton, Canada, the past and future home of Mrs. Speirs.

At a meeting of the Wardens and Vestrymen of St. Andrew's Church, Warsaw, Indiana, held Dec. 6th, 1879, the following was unanimously adopted, and ordered to be entered upon the Records, and published in the Church papers, and sent to the be-

Facts and Fancies from the East. From our New York Correspondent.

The Rev. Dr. Norton, of Louisville, Ky., has had a singular success in preparing sermons suitable for Lay-Readers. There has been a great demand for them, and many of the Bishops have largely ordered them for their dioceses. In the series-"Golden Truths"-every thing is arranged according to the course of the Christian Year. Such has been the rapid sale, that we learn that Mr. Whittaker is going to bring out a second edition. Dr. Norton has also published a volume of sermons for children, under the title of "The King's Ferry Boat." We have looked over it, and find it full of anecdote and interest. If in the course of one of them, the lay-preacher should chance to say, "And what shall I say next?" the response will not be, "Say, Amen." No part of a minister's duty is more difficult than that of preaching to children; and many clergymen will welcome this little volume, the result of the experience of one, who, as a children's preacher, has had a marked success. There is too much tendency to leave the children to the sole care of the Sunday School, but the good pastor will have special care of the "lambs of the flock."

The celebration of Bishop Potter's 25th Anniversary seems to have called the attention of those who walk not with us to the remarkable growth of the Church in denominational papers are generous in their acknowledgement of it, and admit that the Church has a great future before her. It does us good, sometimes, to know what other people say of us, especially if they this part of the country; and some of the speak good words; but even, if otherwise, we ought not to let their precious balms break our heads.

Among them is a Mission House, and a Clergy House; and genererally-men to labor, and money to carry on the work of the Church. The Record is to be published every two months.

An anecdote comes to us from Boston, which is worthy of a place. Such is the rush to Trinity Church to hear the Rev. Phillips Brooks, that the doors are kept closed until a certain hour, in order that the pewholders may have some show of having their seats. When that hour comes, the doors are opened, and the crowd rushes in. On one occasion, a man asked the sexton for permission to enter, on the ground that he wished to be in time for the confession. "Confession!" says the action is series of books and we say to young people who are accumulating a library full of the confession. "Confession!" says the actionished sexton "we have no confession." Watch ye therefore: for ye know not when the Master of the House cometh; at noon, or at midnight, evening, or in the morning.-St. Mark, xiii,

It may be in the evening, When the work of the day is done, And you have time to sit in the twilight, And watch the sinking sun; Wnile the long bright day dies slowly Over the sea, And the hour grows quiet and holy With thoughts of Me. We urged the daily study of the Epistles of the Christian Year upon a scholarly and pious friend, not long ago, whose only objection to it was that "they were not sufficiently practical for him; he preferred to begin the day with the Rev. Dr. Blank's meditations on Holy Scriptures!" I am glad St. Paul couldn't hear him! Think of it! The very portions of the New Testament, which were written by the Holy Ghost to reach into and affect the practical every day life of man in all its bearings, set aside and neglected for the lucu-

Scarcely a day will pass without a "find," in the epistle, of some strong, rich subject, which has often proved to be wonderfully apt to the circumstances of the parish or of individuals in the congregation. For these epistles, be it remembered, were letters written to people not of people. They were written by a wonderful preacher, a genius for organization, and the leadership of men; a man of extensive intercourse with men, of strong common sense, and of sublime devotion to the Lord. They were addressed to men and women subject, like ourselves, to sore temptation; whose sorrows, fears, burdens, hopes and joys were harmony, for each voice was attuned diff not different from yours or mine. The Rev. Dean Hoffman, a Warden of the Guild, then gave the Benediction, and the procession returned to the Sacristy, singing Hymn 13. The Rev. To the Editor of the Living Church:

For some time a conundrum has been puzzling me; and finding no answer to it in my own lucubrations, the next thing, naturally, is to consult one who is expected to know everything and a cause for every practice. The conundrum is not a new one, perhaps, but it is one that needs none the less a satisfactory solution; it is this: Why is it necessary—what is the teaching or the object aimed at—what makes it the common thing, every time that there is any number of the clergy gathered together in a public service—to split and hack the Service into as many pieces as possible? I was lately present at a Missionary meeting where one clergyman began the Service, a second read the psalter, a third the first lesson, a fourth the second lesson, a fifth the Creed, a sixth the prayers, while a seventh gave out the hymn, an eighth preached, a ninth closed with a collect and the Benediction.

It may be that the congregation enjoyed the Services better than I; that is, they may have been glad to know how each was in the habit of comporting himself in the chancel; but to me the Service was more like a grand hodge-podge. There was no erently, and the result was like nine different notes struck at hap-hazard. Our Service is not so long and so wearying that it needs must enlist as many as possible whenever convenient. The trouble is that there is a prevailing notion that at such gatherings each must have a part. Why not, pray, preserve the beauty and effectiveness of such a number of hearty worshipers, by confining the reading of the Service to one -"Roman Catholic writers constantly or two, and let the rest take the part of ENQUIRER.

GENTLEMEN.—I have been a great sufferer from GENTLEMEN.—I have been a great sufferer from female weakness, constipation and general debility. For four weeks was confined to my bed. A lady that had been cured by the use of you Pads, advised me to procure one and try it. About six weeks ago I put one n, and must say that I never saw anything like it. It worked like a charm. Today I am perfectly well, free from constipation and the same of the constitution of the consti

From Mrs. Major Butts. No. 221 West 14th St. Chlcago,

Oct. 28, 1879. Electro Magnetic Co., 149 Clark St., Chicago GENTLEMEN: - Three months ago and for some time previous I was suffering from constipation, with constant pain under the shoulder blades. The pressure through the bowels was very severe. My back was lame and weak, with a constant tired, weary sensation that made me desire to drop into a chair whenever I came near one. My appetite was very poor, kidneys inflamed, and my whole system debilitated, was very restless nights, with headache all the time. At that time, through the solicitation of Mrs. Morse, of No. 85 S. Morgan street, and by the advise of some of my lady friends, I commenced using one of your Electro Magnetic Pads, since then have used no other remedy, and to-day I am but as Assistant Minister of Emmanuel Church, Brooklyn. His P. O. address is 2 Bible House, hold duties. I can sleep all night, and shall ever feel gratified for the immense benefit it has been to Your Pads are all they are recommended to be, and every lady suffering from the many ills that affect our sex, would find great relief in their use. age, and one of the noblest priests. His heroism I trust you may meet with the great success you deserve. And remain,

Very truly yours, Mrs. MAJOR BUTTS.

GENTLEMEN.-I have been suffering for 15 months post with sciataca or sciatic rheumatism.

Electro Magnetic Co., 149 Clark St. Chicago.

Have been under the treatment of the most reliable doctors in this section of the State without any seeming benefit. By their advice I made a pilgrimage to the Hot Springs of Arkansas, but returned worse than when I started. About 4 months ago my brother, Advertising Manager of the LIVING CHURCH sent me one of your Electro Magnetic Pads and a Porous Plister, which I put to immediate use. Already I find myself improving. I have hardly felt a twinge from my rheumatism for a week past, and I am exposing myself to all kinds of weather, and am able to do a good deal of work. and at the prices put upon them will be I think now, I am in a fair way of being cured. You of weather, and I think now, I am in a fair way of may expect to hear from me again.

Very respectfully,
E. C. PAINE.

Another problem is solved at last. A learned professor says that the reason we have trouble to sleep is "because there is an accumulation mainly of carbonic acid, that accumulation being favored and controlled by reflex action of the nervous sysits normal functional activity throughout a succeeding rythmic period." This does not apply, however, on the C. B. & Q. R. R. where they run the celebrated Pullman (16-wheel) sleepers. Everybody can sleep in them with perfect comfort, especially after taking supper in the famous C. B. & Q. dining cars; meals only se enty-five cents.
