#### The Bishop Potter Memorial.

Dr. Channing-St. Peter's, Brooklyn-Old St. Ann's.

From our New York Correspondent.

The Bishop Potter Memorial has again been made the subject of consideration, by the exhibition, at Tiffany & Co's, of the casket of gold, silver and steel, which was presented to him on the 25th anniversary of his episcopate. It is said to be one of the richest and most costly pieces of work ever done in this country, and it might be added, in any other. Thinking your readers might be glad to see an accurate description of the casket, now that it is complete, we enclose it. It may by-and-by serve as a model for the springing dioceses of the West, when they wish to celebrate their quarter centennial. It is a coffer of silver, with enrichments of

those of the Ark of the Covenant; the measurements being divided by three. It is 15 inches long, 9 inches wide and 9 inches high to the top of the pointed, sloping, Gothic lid, which is surmounted by a massive and richly sculptured Celtic cross of solid gold. Underneath the cross is a crozier on one side and a group of lilies on the other; the one symbolical of the Bishop's Office, and the other of purity. On the sloping front side is an open Bible resting on boughs of olive leaves, while above, is the form of a dove spreading its wings over the pages. On either side of the Bible are tongues of fire. The surface of the casket is covered with branches of the vine twined in circular forms, which contain alternately the English rose and the thistle. Bunches of grapes, indicative of the growth and ing the ferry to attend church in New York; and good works of the Church, hang in the interstices. At the centre of each of the four sides of the lower edge of the lid, is a symbol of one of the four Evangelists, Matthew the Man, Mark the Lion, Luke the Ox, and John the Eagle, which are boldly carved from silver. On each of the main sides of the lid are trefoil medallions inlaid with blackened steel, and bearing illustrations in gold damaskeenings of the Holy Eucharist, Baptism, Confirmation, and Ordination. The sides of the chest are adorned with medallions commemorative of the work of the Church in this country. The centre of the front bears a profile in bas-relief of solid gold, of Bishop Potter; and on the right, in a sunken round panel, is an admirably delineated representation of the Conse- for the last month done an immense deal of cration, by the Archbishop of Canterbury, at Lambeth Palace Chapel, of Bishops Provost and White, the first two Bishops who came to America. A resolution passed financial troubles, there is still a debt of some \$16,000 upon it. The Sunday School numbers now from 500 to 700 scholars, and some 60 to 80 teachers. The number of communicants is now about 500; and, during the rectorship of Dr. Paddock, the number of Confirmations has been 1,036, and the deaths are reported at 1344. The parish has been noted for its interest in beneficial work, and its missionary and charitable contributions have reached \$163,000 while its total expenditures for the 25 years have not been less than \$500,000. The letter of Bishop Littlejohn was full of congratulation upon the long rectorship of Dr. Paddock and the prosperity of the parish, which he spoke of as a notable centre of useful work. The evening sermon was by the Rector, and was the same sermon he preached at the beginning of his ministry in St. Peter's, gold, steel and damaskeening, and contains a parchment scroll upon which is engraved the Congratulatory Address. There were 102 Candidates. The younger girls of the class were long white veils, and the scene was very attractive. The large chapel, in which the General Convention holds its sessions, was filled. SPRINGFIELD.—The Easter services at Champaign and Urbana were celebrated with more interest than ever before. The Offerings amounted to \$150. The new marble font in Champaign (selected by the Rt. Rev. Bishop McLaren), is a gem of its kind; and bears the inscription "Charlotte A. Hopkins." It is the gift of the Sunday School, and was consecrated by the rector, with a suitable service. Urbana also rejoices in some improvements, viz. new kneeling stools, a Communion set, and an embroidered scarlet frontal for the pulpit. At both places, the congregations were so large, that many tried in vain to enter

the treasuries, including Missions, Sunday to open a building-fund at once.

The rector's report showed that instead of two organised missions as there were in this county and vicinity 19 months ago, we now have nine; and 28 communicants have increased to 114. The nine congregations together, now average over 500 persons, as compared with 100, then. Our Bishop is enabled to address 3000, where formerly he did not greet 1000. But as our county has over 33,000 inhabitants, even yet only one in ten hear our Bishop once or twice per year.

ILLINOIS.—By the liberality of three members of the Vestry of St. Paul's, Kankakee, every dollar of indebtednes against this church was paid off at Easter. The Offering of Easter day, in pledges and cash, amounted to \$2,231—which is to be increased to \$2.500—and the amount used for building a chapel and Sunday school rooms, which are very much needed. The total income and contributions of the parish for the past year

Bishop McLaren visited Grace Church, Hinsdale, on the evening of the 6th inst, and administered the rite of Confirmation to four persons. The eloquent sermon on the lesson of the Resurrection, was listened to by a large congregation; and the earnest words of counsel to the newly confirmed will be carried by them through life, as an incentive to the highest living.

Easter was a high day at Emmanuel church, Rockford. The church was beautifully decorated with flowers. The congregation filled every seat. The offertory was a large one, both from the congregation and the Sunday school. At the Easter meeting, the treasurer's report showed a gratifying improvement in every particular. Through Lent, we had a well-attended daily service, and a weekly Celebration. The future of the parish at Rockford was never so hopeful. It is much beholden to an efficient parish treasurer. The new stained glass windows are very good, and a great improvement to the interior effect of the church. The Women's Society is instant in all good work, and full of zeal for the cause of Christ and His Church.

Easter at Hinsdale, (Rev.D. F. Smith, Rector), was a very happy day. A large congregation assembled at an early hour, in the building used for a church. The building was very prettily decorated with growing plants, and the music

The Sunday School held its celebration in the afternoon, sang carols, and made an Offering of about seventeen dollars, for St. Luke's Hospital. Eggs and cards were distributed, to keep in mind the great events celebrated as on this day.

MARYLAND.—The Rev. Dr. J. V. Lewis has resigned charge of St. John's Church, Washington. D. C., of which Parish he has been Rector since 1865. He has been for some time out of health, but he remained at his post, except during two trips to sea, for physical recuperation. His resignation, however, was unexpected, and will be deeply regretted by those by whom he is greatly esteemed for qualities of head and of heart. A blessed Lenten Fast ended with a glorious Easter Festival. During Holy Week, the services were very largely attended, especially on Good Friday when "The Hours" were observed. The Rector (the Rev. #### News from the Churches.

INDIANA.-We are indebted to the Richmond Telegram, for an interesting account of the 25th anniversary of the Rev. Dr. Wakefield's pastorate of St. Paul's Church in that city; upon which occasion he preached an appropriate sermon. On Easter Sunday, 1855, says the Telegram, the Rev. George Fiske, founder and first rector of the Church in Richmond, preached his farewell sermon, and Dr. Wakefield immediately became his successor.

1837, found great opposition to the Church, when he came; and, while lots were freely given or sold at a low price to other religious bodies, the highest price was charged for a lot for the Episcopal Church. For a number of years, the building remained in an unfinished condition. the congregation worshipping in the basement, while the windows above were "boarded up." During this time, a prominent "Friend" of that period ("no doubt a most excellent and conscientious man," said Dr. Wakefield,) whose prejudices against the Church were strong, met Mr. Fiske one day, and said: "Friend Fiske, I think thy church will make a good place for Friends to stable their horses in when they come to "It is built for the use of Friends, that when that excellent Society becomes disorganized, Friends may have a home." "In view of the peaceful dove? fact that St. Paul's church has become a home for so many who were raised Friends," said Dr. Wakefield, "the words of Mr. Fiske on that occasion may be regarded as somewhat prophetic.

Of the original communicants of the parish, only one still remains; while of those who were communicants twenty-five years ago there are only eight. The membership of the parish today is larger than at any previous time in its history.

A large part of Dr. Wakefield's sermon naturally fell upon the relations that he had sustained to the parish as pastor--recalling remembrances of those to whom he had ministered-the children he had baptized, etc., and was of such a nature that no report could do it justice. There were many moistened eyes in the congregation as these remembrances were called up, and in every heart there was the unexpressed wish that the relations of pastor and people which had so happily existed for twenty-five years, might yet be prolonged for many years to come.

Although we have not much detailed information of Easter doings in Indianapolis, yet we can gather sufficient to satisfy ourselves that the Queen of Festivals was worthily celebrated there. From the Cathedral, Christ Church, Grace Church, and Holy Innocents we have seen some reports; and they all tell about the same tale of bright services, tastefully-adorned chancels, large congregations, and S. S. Festivals, with carol-singing.

We are glad to learn from a local Correspondent, that Mr. Reed, who is in charge of St. Paul's cathedral, has had an assistant appointed, a young "Nashotan," who was made a Deacon at Richmond, on Palm Sunday.

Our correspondent says that the late Lenten season at Indianapolis, was "a marked and profitable one." The Dissenting Churches are taking first lessons in "Anthems," "Te Deums," "Offertories," "Responses" and "Liturgies." Of ourselves, he is pleased to remark, "the LIVING CHURCH of the 25th (the Easter number) was the best yet-so full of good cheer and hope." And, in conclusion, he says-"Well, the delightful Day will surely come, when the austerities of a Lenten life shall be resolved into the jubilant 'Alleliua!'" To which we respond toto corde, Amen!

Kentucky.--We are very sorry indeed to learn that the connection of our old and highly esteemed friend, the Rev. L. P. Tschiffely, with the Chronicle, has ceased. Under his management, that sheet was certainly one of the very best, the most ably edited, the most interesting, of all our smaller local papers. There is consolation, however, in the thought, that the time and labor devoted to his editorial duties, he can now give to his interesting and flourishing work at Grace Church.

MASSACHUSETTS.—That was a curious incident that happened in the Church of the Advent, Boston, on Easter Day. In the ceiling of the roof, there are openings for ventilation, and at the time of the Celebration of the Holy Communion, a dove appeared at one of these, and rested on a ledge, during the entire service. The noise of the organ and the choir of forty male voices underneath, produced no effect upon it. At the close of the service, and during the singing of the Nunc Dimittis, the dove flew from its perch; and, after making half a dozen circles around the Mr. Fiske, who commenced his labors here in church finally disappeared through the same opening by which it had entered. Of course there was no real significance about it; but in other days, it would have been regarded as a favorable omen, and full of meaning. The dove, as everybody knows, is the emblem of peace and purity, it is the chosen symbol of the Holy Ghost, the Comforter; and why should it be regarded as fond superstition, if the Advent people draw from the circumstance, a favorable augury of the future happiness and prosperity of their parish. It is, as compared with some of the other parishes of the city, of recent growth; but its progress has been rapid and sure; and it now stands in the front rank. The missionaries come into contact with large numbers of those whose business is on the great waters; and in many ways bring a healthful influence to bear upon them. The services are well attended, and many spend their evenings at the Reading Rooms. On Easter Day, Bishop Potter visited the floating Chapel, and preached and administered the rite of Confirmation to six candidates. The out-door services will be kept up during the summer; and hundreds of dock-men, who could hardly be persuaded to enter a church, are thus reached. We believe in honoring those, who honor themselves and the Church, and the further along we get in life, the better satisfied we are that the strength of the Church is not in itineracy. We believe that one minister for twenprudence, will do more for a parish and so for the Church at large, than a succession of the most brilliant men. The latter create a sensaimpress behind them.

The Rector, the Rev. Dr. Stocking, after making an excellent and appropriate address to the children, showing the importance of their relations to the Church, and the greatness of their privileges, produced a model (in different parts), of the building in which they worshipped and were taught. Beginning with the smaller children, he gave them each a part of the foundation to place in proper position, and successively to others older, until the building was completed. Then stood before their wondering eyes, and to the gladness of their young hearts, their loved Grace Church in perfect miniature! We learn that this marvel of ingenuity and labor, in the cutting and forming of the pieces or parts, was the work of the Rev. gentleman's own hand, as well as his own conception; and the marvel is the greater, that he found time to do it, with the amount of priestly and parochial employment with which he is so continuously occupied.

Holy Week was well observed in this parish, the services belonging to each day being duly celebrated. On Good Friday, the Altar was draped in black, with a Crown of Thorns and the text "Sacrificed For Us!" embroidered thereon. On Easter Day the church was beautiful with its white and gold vestures, and its floral decorations. On the Altar-frontal, were embroidered a gold Cross and Crown, and the Greek letters "Alpha" and "Omega;" and, on the face of the re-table, Ter Sanctus in gold. The lectern and prayer-desk were each vested in white, with a gold Cross, and the I. H. S. At each end of the Altar, was placed a large chair, of Gothic design, recently purchased by the Ladies Society of Christ Church. This Society has been a diligent one, and might well be termed "The Busy Workers," for they have raised, and given in money, and property, no less an amount than \$2,500, within the last twelve or fifteen years. Great credit is due the present Rector (Rev. P. A. Johnson), who has labored here for the last five years. The present prosperity of the Church in this place is largely due to his zeal, energy, and ability. When he first took charge, a mere handful of the faithful met for worship in one room of the Public School building. Since then, as a partial result of his labors, a substantial and beautiful church edifice has been erected, and handsomely furnished, and complete in all its appointments. About twenty persons have been presented by him to the Bishop for Confirmation. Our services are now well attended, and we have a flourishing Sunday School. A PARISHIONER. April 5, 1880.

The Baptismal Service: Is it Scrip-

tural?

Correspondence of the LIVING CHURCH In Galatians iii:27, St. Paul says: "As many of you as have been baptized into Christ, have put on Christ." This passage includes all who had the Sacrament of Baptism administered to them; and of them all, without exception, does the Apostle say, "They have put on Christ" (put on Christ as a garment.) Again, in Col. ii:12, we read: "Buried with Him in your Baptism. in which ye were also raised up with Him, through your faith in the operation of God." Again, St. Paul speaks of us as "saved by the washing of regeneration" (Titus iii:5). Here Baptism is undoubtedly referred to, the only washing with water, as a Rite, which is known in the Christian Church. Also, in Acts xxii:16, we read; "Arise

and be baptized, and wash away thy sins." Is the language of the Baptismal Service a whit stronger than this? Again, St. Paul says: "By one Spirit are we all baptized into one Body, whether we be Jews or Gentiles, whether we be bond or free, and have all been made to drink into one Spirit" (1 Cor, xii:13). This the Apostle says of all the visible members of Christ's Body, without exception.

The same Apostle, speaking of the Jews, says: "They were all baptized unto Moses, in the cloud, and in the sea, and did all eat the same spiritual meat, and did all drink the same under a sense of the most profound gratitude to

Rock that followed them: and that Rock was Christ" (1 Cor. xi:4). This He said of the whole nation of Israel, infants as well as adults, without any exception. Again in Acts ii:38, St. Peter says: "Repent and be baptized, every one of you, in the Name of Jesus Christ, for the remission of Ghost. The same Apostle, in 1 Peter iii:11, sums doth now save us."

Now, do not these passages of Scripture (and others might be cited to the same effect), fully justify the use of the language of the Baptismal Service? Immediately after Baptism, the officiating minister is directed to use these words: "We yield Thee hearty thanks, most merciful Father, that it hath pleased Thee to regenerate and resurrection. It is in some especial this infant (or person) with Thy Holy Spirit, to receive him for Thine own child by adoption, and to incorporate him into Thy Holy Church." It will be readily conceded that this language is ham and all the dead who are with Christ, strong; but is it stronger than the Apostles' as they are selected and gathered out of language in the texts above quoted? Then, if we do not complain of or refuse to read the words of the inspired Apostles, ought we to complain of or refuse to use the words referred to in the Baptismal Service?

Now sir, if this is founded in truth, I apprehend you will readily embrace every opportunity to eradicate that train of absurd and false ideas and opinions which so generally prevails with respect to us, and that your sentiments are concurrent with mine which are that our universal Father hath given Being to us all, and that He hath not only made us of one flesh, but that He hath also without partiality afforded us all the same sensations and endued us all with the same faculties and that however variable we may be in society or religion, however diversified in situation or color, we are all of the same family, and stand in the same relation to Him.

Sir, suffer me to recal to your mind that time, in which the arms and tyranny of the British crown were exerted with very powerful effort in order to reduce you to a state of servitude. Look back I entreat you on the variety of dangers to which you were exposed, reflect on that time in which every human aid appeared unavailable, and in which even hope and fortitude wore the prospect of inability to the conflict, and you cannot but be led to a serious and grateful sense of your miraculous and providential preservation; you cannot but acknowledge, that the present freedom and tranquility which you enjoy you have mercifully received, and that it is the peculiar blessing

This Sir, was one in which you clearly saw into the injustice of a state of slavery, and in which you had just apprehensions of the horrors of its condition; it was now Sir, that your abhorrence thereof was exerted, that you publicly held forth that true and invaluable doctrine which is worthy to be recorded and remembered in all succeeding ages "We hold these truths to be self-evident, that all men are created equal, and that they are endowed by the Creator with certain invaluable rights, that among these are life, liberty, and the pursuit of happiness."

Here Sir, was a time when your tender feelings for yourselves had engaged you thus to declare, you were then impressed with proper ideas of the great valuation of liberty, and the free possession of those blessings to which you were entitled by nature; but Sir, how pitiable it is to reflect that although you were so fully convinced of the benevolence of the Father of Mankind, and of his equal and impartial distribution of those rights and privileges which he had conferred upon them, that you should at the same time counteract his mercies, in detaining by fraud and violence so numerous a part of my brethren under groaning captivity and cruel oppression, that you should act which you professedly detested in others, with respect to yourselves.

Sir. I suppose that your knowledge of the sitnation of my brethren is too extensive to need a recital here; neither shall I presume to prescribe methods by which they may be relieved, otherwise than by commending to you and all others to wean yourselves from those narrow prejudices which you have imbibed with respect to them, and as Job proposed to his friends, "Put your souls in their souls' stead," thus shall your hearts ard them, and thus shall you need neither the directions of myself or others in what manner to

And now Sir, although my sympathy and affection for my brethren hath caused my enlargement thus far, I ardently hope that your candour and generosity will plead with you in my behalf, when I make known to you, that it was not originally my design, but that having taken up my pen in order to direct to you as a present, a copy succeeding year, I was unexpectedly and unavoidably led thereto.

This calculation, Sir, is the production of my arduous study in this my advanced stage of life; for having long had unbounded desires to become acquainted with the secrets of nature, I have had to gratify my curiosity herein through my own assiduous application to Astronomical Study, in which I need not recount to you the many difficulties and disadvantages I have had to encounter. And although I had almost declined to make my calculations for the ensuing year, in consequence of that time which I had allotted therefor being taken up at the Federal Territory by the request of Mr. Andrew Ellicott, yet finding myself under engagements to printers of this State to whom I had communicated my design, on my return to my place of residence, I industriously applied myself thereto, which I hope I have accomplished with correctness and accuracy, a copy of which I have taken the liberty to direct to you, and which I humbly request you will favorably receive, and although you may have the opportunity of perusing it after its publication, yet I chose to send it to you in manuscript previous thereto, that thereby you might not only have an earlier inspection, but that you might also view it in my own handwriting.

And now Sir, I shall conclude and subscribe

myself with the most profound respect your obe-B. BANNEKER. dient humble servant,

MR. JEFFERSON'S ANSWER. PHILHDELPHIA, Aug. 30, 1791.

I thank you sincerely for your letter of the 19th instant and for the Almanac it contained. Nobody wishes more than I do to see such proofs as you exhibit, that nature has given to our black brethren talent, equal to those of the other colors of men and that the appearance of a want of them love for yourselves, and those inestimable gifts is merely owing to the degraded condition of their existence both in Africa and America. I can add with truth that nobody wishes more ardently to see a good system commenced for raising the condition both of their body and mind to what it ought to be as fast as the imbecility of their present existence, and other circumstances which cannot be neglected will admit. I have taken the liberty of sending your Almanac to Monsieur de Condorcet, Secretary of the Academy of Sciences. state of degredation, to which the unjustifiable at Paris, and member of the Philanthropic Society, because I considered it as a document to which your whole colour had a right for justification against the doubts which have been entertained of them.

Missions of the Nineteenth Century. The Interior, not long since, headed an editorial, "The Home Stretch of the Century." The idea is a good one, and it would be well if we could all grasp it. The nineteenth century is closing down upon us and will soon be completed. But twenty years are left, and when these are past the most of us will have finished our course. The night cometh when no man can work. It has been a marvellous age, this century, in all material progress, and in the extension of the Gospel the results are not insignificant. But we of this generation should realize that only twenty years remain in which to complete the record. We can if we will, make it to outshine all other centuries, on the historic page, and all Christendom should be aroused to put forth a mighty effort to accomplish this.

The article to which we have referred quotes from Dr. Christlieb's recent work, entitled a "General Survey of Missions," to show what has been already accomplished in this century by Foreign Missions. Among other statistics, we gather:—the lighten its correspondent upon this subject; ous languages have been endowed with gress." The Liturgy that the Western the United States are to-day."

York, entitled "The Gospel in all Lands," has these thrilling words:

thusiasm is indeed breathing over the long slumbering army of the Living God. The heart of heathenism begins to feel the touch of a new power. Brahminism asks of Jesus "Who is He?" And, as before He came, so now again there are voices in the air and sounds of mighty footsteps heard afar, that make it a very solemn and glorious thing to live in this epoch age, and share the responsibilities of the remaining years, which mark, what a contemporary has called, 'the home stretch of the nineteenth century.' What, if they should mark the close of the Dispensation? What then—clasping hands around a world all circled with His light and love,—to turn our faces to His Throne and unite in the last prayer of the Bible and the ages, 'Even so come Lord Jesus-come."

This is the spirit that is abroad, and we missionary enthusiasm.

And there remain yet twenty like taking from the right hand pocket to that Rev. Thomas K. Magicians! polychrome are pleasant to the eye, but the lory, editor of The Churchman, is now try- State, and ought to be branded with the end!"

#### Light Wanted.

To the Editor of the Living Church: There are so many conflicting accounts

of the Mexican Liturgy, can you not (for the benefit of those who, like myself, are perplexed and troubled about the whole matter), publish a statement of the truth of the subject? In a Church paper of recent date, is written the following: "A recognized branch of the one Catholic be devoted to charitable uses, pure and and Apostolic Church. Its constitutions and canons have been formed and submitted to the Bishops of the Mexican Commission, and by them unanimously approved. Its Liturgy has been compiled largely from the Mozarabic Liturgy, though agreeing in every essential point with the Book of Common Prayer, and has received the highest possible commendation of the Mexican Commission." Now either this is false, or the statements of the Western Church are false. How much rather would I believe that this paper had been misinformed! yet there is a mystery about the Mexican Prayer Book that must arouse questioning in the minds of Church people. It hardly does seem possible that our Bishops have consecrated Bishop Reily, and sent him forth with "God speed, f he is to plant a Church which has not even a form of Consecration of the Holy Eucharist, and whose only question to candidates for Baptism is "Dost thou believe in Jesus Christ?" to which a Unitarian could answer "Yes." And this the Western Church declares is the Liturgy now in use.

If you will make the matter clear in your paper, I, for one, shall feel very grateful. Let every Churchman and Church woman rise up in indignation, and demand reform; or else disown the Mexican Church, if these things be so. I enjoy your Church C. G. C. Paper very much.

The LIVING CHURCH would gladly en-Council at Jerusalem, yet it will not rise up and ratify what has been done by the Mexican Commission, when it learns that it has been done wisely. Besides, the LIVING raise a discordant note!

#### A Sign of the Times.

One of the signs of the growing influ ence of the Church, is-the space given by the press of our large cities, to the elections of Wardens and Vestrymen on Easter Monday. In most of the parishes, it is a matter of routine; a contested vestry election is a rare event; and there are seldom any changes in the personnel of the officials, except that which death makes necessary. But the elections occupy columns in the Daily Press, loaded down with the names of Wardens and Vestrymen, not only in the great parishes (made up of the wealth and fashion of the city), but also in those weaker organizations, where life is a struggle. It must interest the public to see these names, and to know who are the officers of the Episcopal churches, or the press would never take the time to collect them and to give them prominence. Nearly all our dailies have their special religious affinities; but, in this matter, they all yield to the influence of the Church, and the Easter-Monday elections are regarded as important news.

Minnesota Correspondence of the LIVING CHURCH.

A happy Easter was that at the Church of the Good Samaritan, Sauk Centre. By extraordinary effort at home, by the kind contributions of friends abroad, and by the self-denying perseverance and sacrifice of the Missionary himself, a debt of \$1,800 on this beautiful Church property, had all been provided for, and the amount was laid on the Altar, as an Offering, at the Easter Celebration. This was a grand thing to have accomplished; and no wonder that the Missionary and his people felt happy and joyful on the Feast of the Resurrection. Another debt paid was that of \$500 on the Cottage Hospital, the property of the Brotherhood of Gethsemane, Minneapolis. This was to complete \$2,100 raised during the past year for this purpose. They have now a property val ued at \$12,000, without a dollar of indebt-

Rev. Dr. Hawley, late of Stafford Springs, Conn., has accepted the rectorship of St. Paul's Church, Brainerd, and expects to enter upon his duties on the 2d Sunday after Easter.

Rev. Jeremiah Karcher, of Monroeville, Ohio, enters upon Missionary work at Granite Falls and Montevideo about the middle of April.

Rev. S. K. Miller, of Le Seuer, besides caring for Henderson, has a promising mission at Le Seuer Centre, twelve miles from Le Seuer, and hopes to build a chapel in the course of the coming summer.

Rev. G. H. Davis, of St. Cloud and Sauk Rapids, has missionary appointments at Buffalo, Monticello, Little Falls, and Royalton. At the latter place, an effort is now in progressto erect a church building.

The present season promises to be an active one in Church-building in Minnesota. Churches are projected at Ortonville, Melrose, Crookston, Fergus Falls, Granite Falls. Montevideo, Glencoe, and Morris. Emigration is pouring into the frontier portions of the State, with great rapidity; and the present year will witness great material progress all over Minnesota. It will tax the resources of the Church here to the utmost, to keep step with this great growth. Rev. G. B. Whipple, Dean of the Cathedral at Faribault, has received a call to Adrian, Michigan. His loss would be a severe one to the Cathedral and to the Diocese.

On Easter Day, in the church at Lake City, 17 children and 3 adults were baptized by the Rector (Rev. C. R. Plummer). The Church is always gaining ground in this place, and Rector and people are always working in harmony. The Bishop of improved in health, from his two months' sojourn in the Sunny South. THE Advance (Congregational) says that nobody knows the precise date of our Saviour's Resurrection. There is perhaps no date of that period better established, as we could cite authorities to prove. But we will have no controversy with our good neighbor who goes on to argue thus:

"The rational uses of such days as Christmas and Easter need do us no harm; it will do us much good in these ways to bring home afresh to our thought, to our faith, to our devout and self-subduing gratefulness, to our sustaining and impelling hopes, the memory of that glorious Event which assures us that He is risen; that He is always here; that His glorious and blesshow what it can do. By the activity of the clergyman, a large number of plain working-people had been induced to come to church; the excellent old Warden, of the "old school," who thought the "Episcopal" Church was made for a certain class of people (and his race is not yet extinct), and that the rest had better go to the Methodists, remonstrated: "Why," said he, "here comes in a lot of people whom nobody knows; and there isn't six bits in the whole crowd!"

INCREASED EXCITEMENT. During the year and a half last passed there has probably been but few, if any, families in the East that more or less of its members have not caught, to a certain extent, the gold fever as the startling reports in quick succession of new and rich discoveries have been heralded by the press throughout the country, and other marvelous stories told by those who have made the venture when writing home to their friends from Leadville and vicinity, and from the different mining camps in New Mexi-co and Arizona, of fortunes having been made in an hour, as if by magic. It is now safe to predict that the influx of people into Colorado, New Mexico, and Arizona during the coming spring and summer, will be, to say the least, enormous, and as evidence of this fact so many are now going that the Chicago, Burlington & Quincy R. One case I particularly know of—a type, I believe, of many. #### Footprints of Facts.

BY REV. R. W. LOWRIE.

One fact is worth a thousand theories Only by the test of facts can the soundness of any hypothesis be determined. Time was when it was held by scientists that, at deep sea levels, there could be no life. The fact, on further inquiry, upset the theory. Time was when it was thought that the earth's strata were successively deposited; but the facts, under the light of submarine telegraphy, show that simulta- ter. neous deposit is possible.

But it is of religious, not of scientific facts, that I would speak; and in this domain of thought, also, fact is better than

Her reply to all who intrude the tongue of rash and unwise speculation, is that of St. Paul -"Thou fool!" But she does care for the fact of a resurrection. Her Easters emphasize the fact. If men had not seen the risen Lord—a fact—and recorded what ther fact, and made the record one of public notoriety—a still further fact, and handed it down as public property common to all, free to be challenged and courting investigation—a fact like its predecessors; why, it would have been hard to accept such a contradiction of every known experience of mankind.

This miracle recalls the first miraculous draught of fishes. It was intended to teach them and all other "fishers of men," what they were to do and expect in the great work of drawworld, to the shore of everlasting life.

Anticipating a great rise in prices of goods, we purchased and contracted for all the stock we should require for at least six months, and for some lines of staple goods for three quarters of a year at o'd prices. Now in order to keep and increase our largely increasing business we shall not advance one dollar on our prices. Our belief remains unshaken, and we shall act upon it that the best time to sell cheap is when others are selling dear that more fortunes are made by selling at low prices than at high prices. A merchant can make a very large fool of himself in such times as these by marking up his goods. Such tradesmen should remember that there is a to-morrow which tells the story of to-day. There never has been a time since we have commenced business that we could do as we'l for our customers as at present. It will more than pay you to come to the City and buy your spring goods. It costs us less, from 5 to 8 per cent, to sell goods than any concern in the City or State. The ma, ni ude of the business under one management makes the difference, and we purchase the goods at all times in such large quantities so as to save us fully 10 per cent, lower than small dealers. This season we oan sell all goods lower than merchants in the courtry will have to pay for theirs.

Mission Work. Diocese of Quincy. To the Editor of the Living Church.

The Lenten season has ended. The great Easter Feast has come and gone, leaving behind it, we trust, rich blessings to many souls, in Warsaw, Carthage, and Monmouth. The whole of the services during Lent were well attended in these three places, and with increasing interest to the end. From Ash-Wednesday, services were held on every Tuesday, Wednesday, and Thursday, in St. Paul's church, Warsaw; every Friday in Trinity, Monmouth; and, in St. Cyprian's, Carthage, as often as the Priest could reach the Mission.

Every day during Holy Week, in St. Paul's, a large congregation gathered round the foot of the Cross. On Good Friday evening, the Mission chapel at Carthage was filled with devout worshippers. Easter day dawned brightly on St. Cyprian's Mission. Adult baptism was administered in the early morning; followed by full festal services and Celebration, at which all the communicants were present, except four, who were providentially prevented. The full Choral Service in the afternoon again filled the chapel, and at the third service, it was crowded for the third time. The Easter Offerings were made chiefly at the Morning Celebration, including a full Communion set of Holy Vessels, and a very beautiful full set of embroidered Altar linen, together with a very fine case to keep it in when not in use; also a large gilded Altar Cross, and several articles for the Mission use. The Quincy; and several ladies of Quincy assisted the S. Cyprian's Ladies' Guild, in procuring these offerings for the Mission. The Money Offerings were large, sufficiently so, to entirely lift the Mission from its Rulers of the Church. liabilities, and dispel the cloudy atmosphere of financial pressure which had so long oppressed S. Cyprian's. The future than a hundred dollars. The priest in charge received a special Easter offering they have his sincere thanks.

Monday evening; and was fully attended. The officers of the Mission for the coming year were nominated, and have since been the glory of the Father, and declared to be the appointed by the Bishop, who has also licensed Mr. W. H. Davidson as Lay-Reader; so that henceforth there will be services every Sunday in S. Cyprian's, Carthage; as has always been the case in Trinity Mission, Monmouth, since its organization.

On Easter Monday, at Carthage, sufficient pledges were given, to insure the to Easter 1881. Laus Deo!

In Trinity Mission, Monmouth, everything is going on vigorously. The devoted Laity are fully alive to their needs, and equal to their necessities. The priest in charge has baptized ten in the Mission ing and loosing. since January, and more are preparing for the Holy Sacrament of Baptism. We before Convention, and also again in Carthage, where the Bishop has already confirmed thirteen, since the Mission has been in charge of the present priest.

There is a choral service in S. Cyprian's Mission, every Sunday afternoon. S. Cyprian's chapel, was beautifully decorated for the Feast by the Ladies' Guild. We have now a working guild in each of the three parishes. The St. Paul's Guild in Warsaw, the Trinity Guild in Monmouth, and the S. Cyprian Guild, and the Choral strong tower of strength, unto Which the right-Guild in Carthage.

With these encouragements to stimulate us, we earnestly trust that the future may bring forth much fruit to the glory of our Risen Lord, and for the benefit of many precious souls! W. F. L.

Fourth Sunday after Easter. Lesson, St. Matt. xxviii, v. 16. In fulfilment of the promise made the disciples on the night of His betrayal (St. Matt.xxvi:32). Our Lord directs the two Marys to acquaint His disciples of His resurrection; and to tell them to meet Him, in Galilee (Ch. xxviii: 7.10). In obedience to His command, the disciples repair thither. At what time the Lord specially designated this mountain as the place of meeting, does not appear, though we may natthe name of the mountain is mentioned; nothing is said which would lead us to infer it to be the place of the Transfiguration; which is not designated in the Gospel as "the mountain" but as 'an high mountain apart" (Matt. xvii:1). "The mountain" seems rather to imply the mount of Beatitudes, the great mountain of His teaching (St. Matt. xv:29 and xiv:23. St. Mark iii:13. St.

Notice that this is a meeting of our Lord's own appointment; that it is the only appearance after the Resurrection, which had been previously fixed and foretold. This is considered by St. Augustine as the eighth recorded appearance of our Lord after His Resurrection. St. Chrysostom thinks it the last before the Ascension.

V. 17. This verse can be fully understood, if we recollect that there were present the "five hundred brethren at once," mentioned by St. Paul; although the narrative of St. Matthew does not require their mention. "They" (the feleven including Thomas, who with the others had received such positive assurance of our Lord's identity, in Jerusalem) "worshipped;" some" (that is, of the five hundred brethren), "doubted," or, as St. Luke says, "were terrified and thought they had seen a spirit," St. Mark says that the Lord upbraided them "for their unlinen was embroidered by a devoted lady of belief and hardness of heart. "He appeared; the apostles worshipped; some of the brethred doubted. The presence of the brethren is accounted for, when we remember that they, as the Church at large, are the witnesses of His solemn delegation of power and authority to His Apostles as the

V. 18. We have here a declaration of the Royalty of Christ; a point of vast importance to us, in as much as from this Royalty of Christ the existence of the Church, with all her powers, is cleared up by this blessed Easter. The privileges and hopes, is distinctly derived. As a whole amount of Offerings for the day, King, He founded His Kingdom; as a King, He material and money, amounted to more commissions His ministers; as a King, He laid out the limits and constitution of His Kingdom. according to His Will. As the Prophet he had gone in and out among His disciples, in His from the ladies of S. Cyprian's, for which three years' ministry. He manifested His Priesthood, when He offered the adorable Sacri-The annual meeting was held on Easter fice of His own Body, on the tree, as the propitiation for the sins of the world. His eternal Royalty He established, in the triumph of the Resurrection. He was raised from the dead by Son of God with power. All power, as Man, is given unto Him; for as God He had it from everlasting (Phil. ii:8. Acts ii:36. 1 Peter iii:22. St. John xvii:2). The power giren to Christ is the power of His mediatorial Kingdom. Our Lord, Who was anointed on earth by the Holy Ghost, to the three-fold Office of Prophet, Priest, and King, is now about to exercise these perpetually for His Church in Heaven; therefore He delegates types of the same to His Church on earth. He deputed His Priestly office to the Mission Services for the coming year, i.e., twelve, in committing to them the Eucharistic Sacrifice and Sacerdotal Benediction: His Prophetical office by His promise of the Holy Ghost, Who should lead them into all truth; and His Kingly office when He appointed unto them a Kingdom, when He gave to them the keys of the Kingdom, in the power of bind-

"All power is given unto Me in Heaven and earth." hope to have Confirmation in Monmouth Therefore with no inferiority of power, commission or authority. "Go ye, and make disciples of all nations." In our English version it is. "teach all nations;" and in the next verse "teaching them to observe." As these are quite different in the Original, we render it by the more literal expression, "Make disciples." We paraphrase the command thus, "make scholars of all nations, by baptising them into the Name, etc., and continue to teach them, etc." "Into the name," not "in the name." Into that Name, with three-fold power penetrating the spirit soul and body; delivering from the world, the flesh and the devil. The Name that is a eous runneth and is safe;" not into names, but into the One Name. That is, admit them by Baptism into the privileges and duties of faith in, and obedience to, the Name of the One God in three Persons, the Father, the Son, and the Holy Ghost; and into participation of, and communion with, the Divine Nature. This Baptismal formula is a declaration, by Christ, that His religion is founded on a Profession of faith in one God in Three Persons. We cannot see One of the latest marvels is luminous God; we know not What He is; we cannot by our senses discern Him. But this we have; this is given to us: His most Blessed, Sacred Name; This we may love, and hallow and reverence; This is to us our Mount Zion invisible,our sanctification, our strength and illumination. His Name on earth, and ours written in Heaven. May we all come to know His Name on earth, and He to know ours in Heaven; let us adore His Name written on our foreheads; that we may find our names not blotted out of the Book

V. 20. Not only among all nations, through all the gems of the genii in the Arabian Nights time shall be His dominion. "Lo I am with you

to the apostles only is this spoken; but, in them, to the Church even unto the end. "I am with you, and with those in whom your Apostolic authority will be continued, unto the end. I shall never be absent from you; in the hour of greatest trial I shall be with My Church; and, in the last day, ye shall see Me again, and then I shall ever be with you and you with Me." As when He was on earth, the Son of Man was in Heaven with the Father, so now that He is in Heaven with the Father, He is also in verity with His Church on earth. Christ is with His Church always, even unto the end, and with each member of it. They who seek to realize that Presence, will come to know It in the sense urally infer that the place was included in the in which it is intended, if, with clean hands and general instruction. Neither the actual place nor a pure heart, they seek communion with Him Who is our Immanuel -"God in us."
