#### Ireland, Spain, and Italy.

The ominous cry goes up from Ireland "The worst is coming!" And it is coming, because the harvest is a long way off, and so much land must go untilled from lack of seed, both potato and corn. During January and February at least \$1,000,000 was distributed by the Mansion House and other relief organizations. The reports from the inland and coast counties show that much more will be needed before the first of May, and another half million before the first day of summer. But the crops will not be ripe until August, and the last three months are likely to prove as fatal as that blackest of all black summers thirty-three years ago. The experience of that dread year forces the Committee to make a day and evening. But, despite the weather, the fresh appeal to the sympathy of the world. The Mansion House Committee have just made their first report. It is an immense document, and is drawn up with wonderful minuteness and accuracy. It reveals an awful history of starvation, nakedness and disease. This is a concession of the main point in dispute between the parties, and shows that the Pope has gone more than half way to meet Prince Bismarck, and that the negotiations which have been conducted so long, and at times so discouragingly, are at last about to be crowned with success. Prince Bismarck himself at a recent reception intimated this much, though what the Prussian Government will do or has done in the way of compromise remains to be seen.

#### Easter Day in New York.

From our New York Correspondent.

April 3d, 1880 Easter Day in this city, was as dismal a day, in point of weather, as the most virulent contemper of "High Days and Holidays" could desire. The morning set in with a cold rain, which soon turned to snow, and so continued all the score of music and the decorations were particularly fine, crowds stood in the dripping rain, long before the doors were open; and, in the briefest space, pews and aisles were full, and there was no standing room left. As we wrote last week, the display of flowers, while very fine, was not as brilliant as in some years; and the decorations were confined almost entirely to the chancel. The Anniversary Exercises began with Evening Prayer at St. John's Church. The address was by the Bishop of Springfield. His text was taken from the twentieth chapter of St. John's Gospel,-the words which our Lord spoke to fests the same kind interest in it as when it was Mary Magdalene after His Resurrection: "Go to not shared by other Bishops. That it was Mary Magdalene who was chosen to bear this joyful news to dying humanity, was a most precious consolation to sinners. If it had been left to us to name the person to whom this high commission would be given, what one of us would have said Mary Magdalene? Even as the Lord spake to Mary, he speaks to the daughters of St. Mary's-- "Go tell my brethren!" "Lift your glad voices in triumph on high, For Jesus hath risen and man cannot die:" This was the joyous strain that awakened St. Mary's School to keep the high day. With hearts upraised to Him who had so graciously blessed the work that had been done here in His Name, many of the household went in the early morning to the church where the Eucharistic Feast was spread. Bishop Burgess then called upon Bishop Mc-Laren, in whose care the school had been before the division of the Diocese, and who still maniand the religious. The former would train a blessing mankind: the one was for self-seeking and self-will, the other for service and obedience. That was the spirit of the Gospel, and the Church to which the Gospel was given was the only authorized teacher. "Go, teach, baptizing," &c. It begins at the Font, that is the cornerstone of this teaching. The vow of odedience there, controls the whole life. It includes compliance with the command, "Do this in remembrance of Me." There is an Altar as well as a Font in the Church system of instruction.

Bishop Seymour kindly responded to the invitation to speak, though he claimed that his pictured the building of character, and described pleted Nov. 1st. the dangers that lay at the foundations, out of sight, until the fatal break came, and walls were foundations, and she should prepare to lay them well. It was at you for this,-all your talents, your culture, your such schools as this that foundations were laid and strengthened. He described with earnest eloquence the beauty of holiness in woman's character, and the dreadfulness of irreligion.

After the addresses, the school formed in procession in the hall, and marching to the place nated from top to bottom-one broad smile of where the stone was to be laid, opened ranks welcome. Of course all who remembered old for the clergy to pass. Your correspondent learns that it has been customary at St. Mary's for distinguished guests, and old scholars to blow out the lights. But this year there was an "advance" in the ritual; some one had suggested that there would be a finer symbolism--if less hilarity-in lighting the birthday cake. A poem, written for the occasion, was accordingly read, during which those who were to light the tapers came forward, as some quatrain or couplet announced each name. A loving allusion to him to whom St. Mary's School "owed its being and brightness" was quickly understood to mean the honored Rector, and the whole school took from the lips of the reader the name of Dr. Leffingwell. But that was not the end of the birthday dinner. While the cake was cutting, there were after-dinner speeches, from some who are "wont to set the table in a roar," and who certainly succeeded this time. A letter from Dr. Cushman was read. It was addressed to Miss Annie Versary. I should like to ask you to publish it, for I know many will read this article who will remember the doctor's "addresses" to the lady above-mentioned.

A reception in the evening closed the festivities of the anniversary. Bishop McLaren had not been at St. Mary's before during the school year, and the new pupis were accordingly presented to him. There was much pleasant conmusic was artistically excellent, and I know that verse, some good music, including a chorus by it was very inspiring to hear the sweet young the St. Cecilia Society, and the evening was altogether enjoyable. Bishop McLaren and Bishop Burgess were not to be outdone by Bishop Seymour in the giving of a half-holiday-one of the inalienable rights, it i maintained, of the episcopate. Two halves made a whole; and a precious holiday was won, for the morrow. This was the greater boon, since, in the matter of holidays, never was there a stonier-hearted man than the Rector of St. Mary's. Yet even he was fain to acknowledge that the faithful workers at his school would be none the worse for a day of unbroken rest, and so forebore an official veto. he has laid such noble foundations! Correspondence of the Living Church

We have had an unusually encouraging Lent, and a bright and delightful Easter. The weekday services have been remarkably well attended, and St. Mark's church building will not nearly hold the people that throng the doors on Easter Day. The number of communicants was larger than ever before in the history of our work in Salt Lake City. A course of sermons by the were two great theories of education—the secular | Bishop and the Rev. R.B. Kirby, on the "Fundamentals of the Christian Faith," has drawn large congregations. These "Apologetics" always attract attention in this community, where so many people, shipwrecked in faith by the Mormon delusion, are seeking a secure and permanent anchorage. The Easter offerings were \$363, of which \$200 were the collections of the Woman's Guild, toward the organ fund of St. Mark's Cathedral, \$36 the offering of the children at their festival in the afternoon, and \$127 for the Domestic Committee. At the Sunday school festival, twelve children were baptized from families mostly of Mormon antecedents.

WESTERN MICHIGAN. - The Rev. E. W. Flower began the day on Easter with Celebration of the Holy Communion at sunrise in Grace Church, Holland. Then he drove twelve miles to Saugatuck, where he held full morning service, preached and Celebrated the Holy Communion. The chancel was beautifully decorated the church, and nearly all the Communicants in the parish received. In the afternoon a goodly congregation again gathered, when Easter carols were sung by the children. There was a Baptism of infants; the children were catechized standing in front of the chancel, and then the Missionary read and expounded the leading portions of the Easter Scriptures. After receiving the offerings of the children for our Diocesan Candidates for Holy Orders, the service was closed with appropriate Collects and Benediction. The side lancets have symbols of the four Evangelists; and on one, the inscription, "One of the blessed of the earth." On the other, "May our country have many such mothers." This window was made a memorial by the parish to the mother of the late rector, in deference to a wish expressed by him when the church was erected. The other windows are all neat and Churchly designs, and at the end of the church opposite the chancel, there is a Rose-window given by the Sunday School, and three handsome Memorial windows given by a lady of the parish. The glass was all manufactured by Mr. Geo. A. Misch, of Chicago, at a total cost of \$308, and the work is exceedingly well done. At the close of the afternoon service, the rector drove back to Holland, arriving just in time to hold evening service. There was a large congregation present, consisting mainly of young men. ILLINOIS.—The Sunday School at Trinity Church, Highland Park, had its Easter service on Easter night. The church was well filled with the relatives and friends of the children, and the services were beautifully rendered; the children doing all the singing.

The most interesting feature of the service was the offering of the hard-earned contributions of the children, towards paying the bonded debt of the parish. The total amount of the offerings was \$165.00, which was a remarkably liberal sum to be raised by a Sunday School numbering only thirty one pupils. Is there another Sunday School in the diocese which has done as well in proportion to its numbers?

The Easter offerings at Christ Church, Winnetka, included a very handsome Communion service, of solid silver, weighing nineteen ounces. It was placed on the alms-basin at the morning service, and offered with the other contributions to the service and glory of God.

Three children were baptized at this service. Never before, have the parishioners kept the Easter, in spite of the inclement weather. The Rev. Mr. Coe assisted the Rector in the services.

The Good Friday Services were attended by nearly as large congregations as the Easter services were. The difference being accounted for by the presence of persons not connected with the Parish, on the latter occasion.

LONG ISLAND.—The venerable Dr. Carmichael, (Senior Presbyter of his diocese), now past four score years, was stricken with paralysis, last week, and is not expected to recover. He was for many years the rector of the Church at Hempstead, L. I., and has been prominent in that diocese. For the last few years he has been relieved from duty.

The Bishop of Long Island has not only a Pre-Lent but a Mid-Lent Conference of his Clergy. The latter was held on the 11th inst. at Grace Church. The day was stormy; and, owing to their Lenten duties, there were but some thirty or forty of the clergy present. After Morning Prayer and the administration of the Holy Communion, the Bishop addressed the Clergy; taking for his theme, "How we may kindle the grace of Orders by diligent study of Holy Scriptures.' The address was very able, and we are glad to know that it, with the other addresses delivered at the four Conferences, will be published.

#### A Change for the Better.

The time has come, when Easter may be said to be a universal festival. The churches of all denominations observe it by floral decorations, by special sermons ap propriate to the day, and by festivals for in it. their Sunday Schools. They are not at all afraid of Easter eggs, and do not look upon silken banners as "rags of popery." The papers, this year, everywhere throughout the country, contain columns of notices of their Easter services; and in every way they vie with the Church in making the day acceptable to their own people; so persuading them that their feast is really spread with the grains of golden wheat, and not with dry husks. These great festivals are no longer peculiar to the Church, but are fast becoming the common property of all religions. We can remember when they first began to open their houses of worship on Christmas. It was for the purpose of be-rating the festival in their sermons, and of proving that its observance was a fond superstition. Now, they are about as zealous in celebrating the high feasts as Churchmen are themselves, and with similar services, and, doubtless, some day they will take the fasts, too, under their protection. There is much in the Church and her ways that appeals to the æithetic nature of man; and, in self-defence, in order to retain their influence over their people, they are obliged to follow in our steps. They could not puritanize the Church; and have themselves become permeated with her influence. In some quarters, the old leaven of bitterness remains, but, as a rule, it has largely died away, and many of the things that were once deemed worthy of grave rebuke, are now greeted with words of praise. Easter is one of the most ancient Feasts of Christendom, going back to the Apostles' times; and it is a hopeful sign, to see all who are called by the Chris tian name, claiming, as a heritage, the Lord's-Day of joy. Even that portion of the Press, which may be said to represent dissent, recognizes the change; and instead of the old gibe and jeer, has a Homily for Good Friday, and a joyous leader on the Resurrection.

#### The Province Practically.

The Bishop of Long Island has recently preached a sermon, which complains in no gingerly way of the lack of prompt and statesman-like energy, in preparing for the future work of the Church on this continent. "Aiming to be a national Church," he says, "we still linger in the mould and wear the fetters of-what amounts to a single Province." "It is now more than twenty five years," he adds, "since it became apparent that we must organize into groups our multiplying dioceses; and thus introduce new wheels into our ponderous machinery. The urgency is admitted; the general scheme has been before the Church mind all these years; and yet, so slack and feeble is our talent for organization, that we have got no further than the Report of the Committee, expressing a cautiously worded opinion that it is expedient to divide into Provinces, and to inquire how it can be done without offending anybody's prejudices, or hurting anybody's feelings."

The Bishop's sarcasm is keen, because it is just. But in the meantime, while the dolce far niente (do nothing) policy of extreme conservatism, which is the twelfth commandment to some of our Eastern legislators, issues its decree that nothing practical can be expected from the General Convention, under six, nine or twelve years, the Bishops west of the Mississippi quietly meet, and inaugurate the Province, without waiting for permission, or even so much as submitting their scheme of cooperation to the perilous ordeal of their own Conventions. The idea of the Province is-To provide for the larger growth of the Church. It is a practical method of realizing the unity of the Church of Illinois, postponed from the 5th inst., in Church work. The Bishops referred to is appointed for the 19th. have work to do, each in his respective

And, to do this work better by combining to do it, they have concluded not to wait any longer, having waited many years already; but to associate senior in office, the Bishop of Minnesota, Missionary and Church-building work.

fact, as a devout Churchman would desire. conclusion. But this, probably, grew out of the secular necessity of not verging too closely on what might be suspected to be facts of the Catholic Christian Year, with fit accordance with its sacred seasons. All honor to those to whom such honor is due!

A Correspondent writes, "I have not seen in any of our Church papers the fact noticed, that (according to Dr. Jarvis, the eminent Historiographer of the Church) Good Friday and Easter Day, this year, fall on the very day of the month and year when the events happened which they commemorate. Dr. Jarvis says that Christ was put to death on March 26th, and rose from the dead, therefore, on March 28th. This gives great additional interest to the Celebration of Holy Week and Easter the present year."

THE Rev. J. P. T. Ingraham; formerly Rector of St. John's, St. Louis, and favorably known as an able Divine, delivered one of the course of Lectures on Judaism, in St. George's Hall, in that city, on the Evening of Sunday, March 7th. His subject was-"The Jewish Church; The Chief Purpose for which it was Organized." We regret that want of space conpels us to confine ourselves to a simple mention of the able and interesting lecture.

A correspondent of the R. E. organ, who has been abusing the Church, and calling some of our Bishops "sympathizers with paganism," has, so the organ tells us, 'established an independent organization in Jersey City where baptism will be administered according to the Greek rite, and confirmation by the presbyter, after the manner of the Lutherans." The organ has the grace to apologize for the mouthings of this vilifier previously printed in its columns.

#### News from the Churches.

NEW YORK .- On The evening of Maundy Thursday, Bishop Potter administered the rite of Confirmation to a large class in St. Paul's chapel, of which Rev. Dr. Mulchahey has charge. The class numbered nearly sixty, we are told; and it was marked by one peculiarity, not usual in the down-town chapels of Trinity church. As a rule, the candidates have been drawn mostly from the Sunday and parish schools, and the classes have been composed, for the most part, of children. This year a good deal of parish work for St. Paul's has been done among the poor who live in the vicinity, and it has proved sons of every age, from four-score down to the tender years of youth; and the large majority were adults and of both sexes. It is a change worth noticing, and i; rejoices all hearts to see and hedges, and compelling men to come in, by labors of sympathy and love. "They are the lost sheep of the house of Israel," and have too long been able to say "No man hath cared for

On Good Friday, as indeed every day in Holy Week, the churches were opened morning and evening, and large congregations were in attendance. Upon the first-named day the congregations, for numbers, could hardly be distinguished and cheerful was put away, and there was no sound of music from organ and choir. Many stores were closed in the city, and the men were largely represented among the worshippers many of them being persons whose names carry weight in every department of life; men possessed no less of character than of fortune. The day is coming to be observed more and more; and, among the denominations, the loss of the influence of the Lenten season is more and more deplored. This year the senate at Washington and many of the courts and other public bodies in the country adjourned. Some years ago, in one of the courts, when a motion was made to adjourn on Good Friday, the judge (who was probably a puritan), was disposed to deny it; and he was reminded by counsel, that the only Court he ever heard of, as sitting on Good Friday, was that over which Pontius Pilate presided, and in which as judge, he condemned the Lord of Glory to be cracified.

ILLINOIS.

The Rev. Frederick Courtney, the new Rector instituted last Sunday morning by the Bishop of the diocese. The sermon was preached by allowed of God to be put in trust with the Gospel, even so we speak; not as pleasing men, but endless life in Heaven. The Bishop followed God, Which trieth our hearts.'

His exposition of the text was characterized by earnestness and simplicity of language, those hearers, he called attention to the actual condiadapted to meet that condition. It came with a message of forgiveness, and with the Divine Promises in its hand. The preacher proceeded to point out that the Christian Ministry is held the time of the Apostles, to their successors in our own day. He referred to the three great Creeds of Christendom as being a part of the trust committed to the Church and her Ministry. trust is to be administered, "not as pleasing men quent exhortation to his flock: "O brethren and sisters; hold up my hands, strengthen my heart, beg God that I may faithfully perform my trust so as to please God; so that, when the last Great joicing and my joy.

The Offering was appropriated to Diocesan Missions. At the Celebration of the Eucharist, the Rector was Celebrant, and the Rev. G. C. Street officiated as deacon. There was a very large Communion; and, at the close of the services, many of the parishioners waited upon their new Rector in the vestry, in order to give him a loving greeting. To both pastor and people the LIVING CHURCH offers its warmest congratulations, and prays that the mutual bonds thus hapthe altar of God, may long remain unbroken.

In the afternoon, there was a festival gathering which he alluded to the occasion as being one of welcome to their new Rector, Mr. Courtney dress of Welcome, which he proceeded to read and then handed it to Mr. Courtney. The Ad-Mr. Frank Whitehouse, was handsomely en grossed on parchment, and bore a beautifully illuminated title. Mr. W. C. ST. PAUL'S CHURCH, SPRINGFIELD.

The Services of Easter Day at St. Paul's Church, Springfield, were begun with a Celebration of the Holy Eucharist at 6:00 o'clock. The continuous rain during the night, and the threatening weather at this early hour, did not deter a large number from coming out to greet their Lord at the dawn of His Resurrection Festival. The Chancel was tastefully decorated with green house plants and cut flowers; and the Altar (yested in the festival cloth of snowy white) stood out in fine relief from the handsome reredos, which seemed to come forth from the black drapery that shrouded it during the hours of Good Friday and Holy Saturday, with new and fresh beauty. The service was choral throughout; the music being of a simple character, adapted to the limited capabilities of singers at so early an hour. Between fifty and sixty persons received the Blessed Sacrament at this service.

Morning Prayer was said as a distinct service t 10 o'clock. At 11 o'clock, the church was filled for the mid-day Celebration, on which occasion the Bishop was Celebrant. The Processional Hymn was Barnby's "We march, we march tovictory" The Kyrie, Gloria Tibi, Sursum Corda, Sanctus and Gloria in Excelsis, were sung to Tours in F. The Benedictus-from the Messe Solennelle"—was effectively sung before the Consecration; and the Agnus Dei, from the same Mass, was beautifully and feelingly rendered during the Communion of the people. The service closed with the Nunc dimittis (Gregorian), and the Retrocessional—"Jesus lives, O Day of Days."

The Bishop preached from Ps. xviii:24. "This s the Day which the Lord hath made; we will rojoice and be glad in it." This day, he said, was a foretaste of the eternal day in Heaven. In the beginning, God made the days—the evening and the morning-and pronounced them very good; but after He had rested from His labours, Satan entered in and marred His works; and, ever since, "the whole creation groaneth and travaileth" with the pangs of sin. Ever since, time has been man's. He has filled it with his creations. We call their aggregate human history, the details of human life. We say, we have lived so many days and months and years. They are our days. We make them. We fill them with our thoughts, and words and deeds, and we say with Jacob, "the days of the years of my pilgrimage are"—so many. One character stamps them all. They are always evil. Unlike God's days, they begin with the morning, they end with the evening. However bright they may be at the of St. James' Church, Chicago, was solemnly outset, their course is always the same, through decadence and decay, to death and corruption in the tomb. This is God's day. It has its evenits morning of Resurrection whose fruition is the out this idea and enforced it with various illustrations from Holy Scripture.

Evensong was at 7 o'clock. The church was crowded to its utmost capacity; those who could not obtain sittings, standing in the aisles, while which how existed between himself and his many turned away from the door unable to gain an entrance.

> At this service twenty-two young persons were presented to the Bishop for Confirmation. The candidates, who occupied together places near the choir-stalls, were received by the Rector at the entrance to the choir, and led in turn to the Bishop (seated in the gate of the sanctuary), where, as they successively knelt before him, he laid his hands upon each.

> At this service, the Bishop preached a most powerful and eloquent sermon, a short summary of which we propose to present to our readers. next week. We only regret that the crowded state of our columns in this number, compels us to de-

> > EASTER AT DETROIT.

The dawn of Easter, here, in respect to weather. was most unpromising; a raw sleet greeting the eye, as one looked out to see what was the prospect for the day; and doubtless, much sad disappointment was the result. It would seem however, that the Day of days was to assert itself with all the power of its bright associations; for, ere "Church-time" had arrived, the glorious Sun danced beaming, into the sky, to gladden the Easter-loving children of the Father. Attending Divine Service at 10 A.M., at Christ Church, I had the pleasure of listening to an admirable sermon from the Rt. Rev. Bishop Harris, his theme being "The Living Christ." Therewas, of course, a Celebration of the Holy Communion. I was much struck with the profusion. of flowers; the more so, that Easter, this year, has come so early. I was delighted too, with their arrangement; the designs being altogether unique and exquisite, and the blending of colors beautiful and artistic. Determined to enjoy my Easter to the full, I attended "the gathering of the Clans" composed of the Sunday School of the Motherparish (St. Johns,) with those of her Missions of St. James and St. Mary. It was a beautiful sight, this congregating together of some eight hundred and thirty children; who, with bright faces and joyous hearts, caroled forth their songs of praise. Practical and most excellent addresses were madeby the Rector (the Rev. Dr. Worthington), and by the Rev. Mr. Frisbie of St. James. Perfect. order reigned throughout; and it was touching to witness those upturned faces of listening children, as their pastors portrayed the sufferings of a dying Saviour on their behalf; and the brightness of His glory as a Living Intercessor. The floral decorations here, though not very elaborate, were in excellent taste. In the evening, I attended service at the Mission Chapel of St. James', which proved a happy ending of a bright day, in my Easter Calendar. The Chapel is a little churchly gem in itself; but it was especially brilliant in its tasteful decoration. Chancel and Altar were glowing with color; and very beautiful

was the contrast between the white calla-lilies, and their bright-hued associates. It would be a pleasure to describe in detail the many beautiful designs, the handiwork of the ladies of this Mission; but I must deny myself. A description of the very handsome Altar cloths, donated by the Ladies of the Altar Society of the Mother Church, (St. Johns), must, for the present, be omitted, though I shall probably claim space, on another occasion, for farther mention of these beautiful HAMILTON. gifts.

#### EASTER IN MINNEAPOLIS.

In Holy Trinity, East End (Rev. T. M. Riley, Rector), there was a Celebration at 7 A. M., and a second, after the usual Matins. At 4. P. M., there was a Children's Service and Evening Prayer. The church was beautifully decorated with flowers, and both the congregation and their Offerings were large.

At Gethsemane Church, there was an early Celebration; Sunday School at 9;30; Morning Prayer and a Celebration at 11 A. M. At 2.30 P. M. there was a special service for the Knights Templar, three Commanderies being present. At 4 P. M., the Children had a choral service, there were several Baptisms, and Eastor Cards were distributed; the Sunday School connected with Grace Chapel participating. The music was good, and the congregation large. The Rector the Rev. Dr. Knickerbacker-preached. The church was beautifully decorated with Memorial Offerings of flowers.

The Chapel of St. Andrew's, North Minneapolis, was gay with floral Offerings. A beautiful Cross of white flowers and two exquisite bouquets -Memorials of loved ones at rest--were on the Altar. The Rev. W. T. Pise preached; the congregation being large and attentive. There was a Celebration of the Holy Eucharist. At the close of the services, the children were presented with Journals of Arkansas '77. Florida '75 '77. At All Saints, there was a special "Service of Song," at 7.30 P. M., consisting of the "Risen CHRIST CHURCH MISSION, HAZEL GREEN, WIS. Lord," by Hutchins, in which they had been thoroughly trained by the Rev. W. T. Pise, Assistant-minister. The chapel was well filled, and addresses were made by Dr. Knickerbacker and the Rev. Mr. Pise. Easter eggs were presented to each child by the superintendent of the Sunday school, Mr. Black. A liberal offering was made for diocesan Missions.

The Rev. W. W. Raymond offciated at St. Mark's church, which was beautifully decorated for the Festival. The Holy Communion was celebrated. The music was good and the attendance of worshippers large. The offerings for diocesan Missions amounted to \$75. In the evening there was a Sunday school "Service of Song," with an address by Mr. Raymond; the church being again crowded.

Altogether, it was a bright and glorious Easter for the Minneapolis Churches.

While in the city of Detroit a few weeks ago we called into one of the largest establishments in the West-the pride of the City of the Straits. We were astonished at the magnitude of the concern. Inside it looks more like a palace than a retail clothing store. We refer to the establish-ment of C. R. Mably, the great clothier. He oc-cupies six large stores, adjoining, on Woodward

#### The Ladies' Favorite.

Among the many thousands of ladies who have used Dr. Pierce's Favorite Prescription and pronounced it their favorite remedy, because so efficient in the diseases and weaknesses peculiar to women, are many who are well and favorably known in the world of letters, as well as artists, musicians, and a whole host of names from the brilliant ranks of wealth and fashion. It is pre-eminently the ladies' Favorite Prescription, its use, while being far more safe and efficient, exempting them from those painful, caustic operations, and the wearing of those mechanical contrivances made like Peter Pindar's razor—seller's razors—to sell, rather than to cure.

#### Enough.

I am so weak, dear Lord, I cannot stand One moment without Thee; But oh! the tenderness of Thy enfolding, But oh! the faithfulness of Thine upholding, And oh! the strength of Thy right hand! That strength is enough for me.

I am so needy, Lord, and yet I know All fulness dwells in Thee; And hour by hour that never-failing treasure Supplies and fills in overflowing measure My last and greatest need. And so Thy grace is enough for me.

It is so sweet to trust Thy word alone! I do not ask to see The unveiling of Thy purpose, or the shining Of future light on mysteries untwining; Thy promise-roll is all my own-Thy word is enough for me.

There were strange soul-depths, restless, vas and broad, Unfathomed as the sea;

An infinite craving for some infinite stilling; But now Thy perfect love is perfect filling! Lord Jesus Christ, my Lord, my God, Thou, Thou art enough for me!

One of the most extraordinary witnesses to this ever recorded, is furnished in the account of the death from exposure and starvation of seven men, on a small island near Terra Del Fuego, to which they had gone with the purpose of planting the Cross of Christ among the Fuegians, the most wretched inhabitants of the bleakest and most dismal land on the face of the earth. One of these men, Capt. Allen Gardiner, a commander in the British Royal Navy, had previously devoted eighteen years of his life to efforts, apparently unsuccessful, but never discouraged to make known the pure Gospel and distribute the Bible among the Zulus of South Africa, the Patagonians of South America, and the Roman Catholics of the Spanish-American Republics. #### Mission-Work in New Mexico.

Correspondence of the Living Church. LA MESILLA, N. MEXICO,

March 13, 1880. St. James' Mission at this place is an evidence of what can be done by faithful laity who have a "mind to work." For about three years past, the services have been read regularly by the Lay Reader, Mr. Geo. D. Bowman. The attendance has been quite good, on an average, and I cannot doubt that the benefit has been great. For most of the time a Sunday School has also been kept up, under the superintendency of Mr. Geo. R. Bowman, a son of the Lay Reader. The American population here is small, and not all of it is anxious for church privileges. It is a satisfaction to know that there has been an opportunity every Sunday (with very few exceptions), for all who desire it, to meet for common Worship. I wish the same could be said for all the towns of New Mexico. The intervals between my visits have been so long, that, had it not been for the Lay work, we could not have claimed to have a Mission here. As it is, this has been a recognized fact, and the place has been held for the Church. In addition to this, our own people have been strengthened and kept from straying off; others, not of us, have been influenced for good; children have been taught the great Church has been enabled to witness for God and His truth.

Mesilla is in the region that has been scourged with the Indian troubles for some months past. The famous and once terri ble "Jornada del Muerto" (Hor-nä'-dä del Mwar'-tō)—The Journey of the Dead Man —begins some twenty miles up the river, and stretches out for eighty miles farther. It is a wide plain bounded by mountains the west side of the western chain. The Indians cross and recross here, in their passage to and from their accustomed haunts. He and his band are said to be now west, but the Mescaleros are prowling about on this side, evidently emboldened by his success, to leave their Reservation and ioin him in the war. There will probably for ultimate unity lies in our witnessing be more bloody times here this year, than faithfully for Christ against the former, the country has seen for some time, unless these Indians should be very soon conquered.

A ranchman who had lived in the Indian country for a long time, gave me—the other day-an account of an interview that he had some years ago with a Mescalero Chief. The Indian told him that his life had been at the mercy of the Mescaleros risdiction. From 1874 to 1878 there was any church privileges. Why Gough was whipped on Sunday.

John B. Gough, when a lad, went regularly to church with his parents. The pew in front of them was always occupied by a tailor, who being entirely bald, wore a very shaggy wig. This wig was always a source of great wonder to John. One Sunday found John in the pew, with a pin bent and fastened to a string, and during the long prayer, John amused himself by throwing the pin at the wig. It finally stuck fast, much to his amazement. What to do he did not know; the prayer was nearly ended, and he knew the consequences if his father should see what he had done. As the Amen was said, John gave a jerk on the string, hoping it would become disentangled; but instead of that, off came the wig, and up jumped the frightened tailor, with a shriek. His feelings can be imagined. John got a good whipping when he got home. Moral If that tillor had used A. M. Delight's Spanish Lustre, he would never have been obliged to Market Wille.

Valuable, But Not New.

Prof. Max Schuller, of Greifswald, and Prof. Rokitansky, of Innsbruck, two of the most eminent physicians of Germany, have recently announced the discovery of a cure for consumption.

Dr. Max Schuller, Dr. Klebs, and Dr. Reinstadter have again and again effected the cure of tubercles of the lungs by inhaling the vapor of benzoate of soda. The new treatment issues from the most authentic medical resources of Germany. A Vienna Medical journal says of it, that inhalations are going on in every room of the hospitals here. The extraordinary results attained by the experiments of these physicians have caused a profound sensation throughout Germany and Austria, and by translation the
