NEWS AND NOTES.

ENGLISH papers just to hand announce that it is the recently appointed Dean of Gloucester, Dr. E. H. IT is announced that the Pope intends to canonize Bishop Fisher, of Rochester, and Sir Thomas More. His predecessors have canonized worse persons, and in fact, granting that it is necessary or expedient to canonize anybody, it would be difficult to find bishop, and the zealous and devoted chancellor. As everyone knows, St. Alban's, London, is situated in the very midst of the "slums." The great success of Mr. Mackonochie and his assistants has been due, under God, to their manner of making themselves equal in every sense to those whose salvation they were seeking. The esteem in which these indefatigable priests are held by their people, was curiously manifested during Christmas-tide. A dinner was given by the church to a number of working men. These latter had undertaken to decorate the room, and the result, if not artistic, was certainly striking. The mottoes were all appropriate but somewhat out of the usual run. For instance, over the chimney-piece was a text, petual commission to lapse with themperhaps not accurately Scriptural, "God bless our kip," and (referring to Mr. Mackonochie himself), "Long live our dear old

ONCE upon a time it was the High Church party which had the monopoly of abusing the bishops, but things have changed. The Bishop of Liverpool, by refusing to do what he had no right to refuse to do-forbid the consecration of St. Agnes's church, in which it is expected that Ritualistic services will be held-has drawn down upon himself a perfect frenzy of abuse from the Low Church party which has hitherto looked upon him as its leading champion. No language is too strong for these fanatics. One journal heads a black-bordered article with the legend, "Mournful death of Bishop Ryle's Evangelical and Protestant Principles, which expired at the consecration of St. Agnes's amidst demoniacal shouts of joy from the priestly pit, and wails of woe from the angels of God." Elsewhere he is spoken of as worthy of "only contempt and disdain," being guilty of 1 Acts vi. 23, et passim.

Why, He promised to be with the Apostles not merely for their natural lives, but "always, even unto the end of the world.' Moreover, He gave them the whole earth as their field of Jurisdiction, and bade them do what the Apostolate will not have accomplished for many years yet, viz.: Go into all the world, preach the Gospel to every creature, and baptize all nations. And how did they act? They ordained certain men, called Deacons, to relieve them of some of their minor duties.1 Then they ordained Presbyters in every place where they had gathered a congregation.2 But did they stop with that? Did they allow their perselves? Did they intend to leave the Church, that Aionian Kingdom, which the Son of God had given to them, with only the sterile Orders of Presbyter and Deacon? By no means. As the Jewish Church had its High-Priest, its Priests and its Levites, so the Catholic Church was to have its three Orders -Apostles, Presbyters and Deacons. But if so, we must expect to find the Apostles ordaining also an Order of Ministers who rank above the lowly Deacons and Presbyters. In other words, if the Apostolic Office was to be perpetuated, we ought to find evidence in the New Testament and in the writings of the Fathers, that there were in addition to the original Twelve, but who work as the Twelve, and are constantly shared their office, received the power to ordain, and inherited all the permanent grace and authority of the Apostolate.

Ayer's **Cherry Pectoral**

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 159 West 128 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my Carling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

Gregg, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it acts like a charm. In a few minutes after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. C. Reid, Freehold, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. FLORIDA

For Health, Pleasure and Profit.

The Florida Improvement and Colonization Society invites correspondence from sensible people who contemplate making permanent or winter homes there, and is prepared to offer superior facilities for an examination of its advantages at the least possible expenditure of time and money. There is no longer any doubt as to the entire adaptability and healthfulness of the high rolling lands of Florida. The success of thousands or Northerners who have sought a residence within its borders being emphatic continuation of its safety and wisdom. We own and offer for sale in quantities to suit buyers, 260,000 acres of selected lands, principally in the counties of Alachua, Baker, Brufford, Clay, Duval and Lafayette. A glance at the map will show this group of counties to possess superior advantages of accessibility to markets and competing transportation lines. They are otted with enterpri-ing, growing Northern communities. MacClenny and Glen St. Mary (in Baker Co.) are one hour from Jacksonville, on the principal rallroad in the State. The lands for miles on each side are high-rolling and wholly free from any stagnant water. There is no malaria and no more annoying insects than anywhere North. The towns are settled almost solidly from the North. Each supports good schools and churches, but no saloons; the society is exceptionally good. To this class of people we will sell lots for \$25 to \$100, dependent on location and size, to those who will within one year make some improvement. None of our property is entangled with Spanish grants to invite litigation. We have complete abstracts of title, give ample warranty deeds, and offer every possible guarantee of good faith. To settlers, will sell on long time or equitable non-forfeitable contracts (specimen sent on application). Will clear up land, plant with peaches, pears, oranges, quince, grapes, etc., or any staple of the country, and cultivate for a term of years for non-residents on reasonable terms. Will build cottages to order, receiving payment in installments. For full

BY THE WATERS OF BABYLON.

How can we sing, how can we sing? Bid fountains from the desert spring, And flow the wastes along; Bid the caged bird be blythe and gay. Bid lions your behest obey, But ask of us no song!

Our harps, their sweetest strings unstrung, Upon your willows, sad, we've hung Beside Euphrates' stream; No more, beneath the olive shade. We'll hear the tuneful ripple made Where Jordan's waters gleam.

No more the golden Temple's dome, Of each true Israelite the home. Our longing eyes shall bless: Nor on its steps our Psalms repeat. In time to our ascending feet, Before its courts they press

Nor, from the well on Zion's hill, Our golden pitchers shall we fill. Still singing high and clear; Our songs are songs of victory. And we poor beaten captives be, Who dwell in exile here.

Yet will we sing one song, the last, That ringing like a trumpet blast Our tyrants shall appal. Spirit of God, our tongues inspire. And fill us with prophetic fire. To sing of Babel's fall !

The day shall come when thy fierce foes Shall wreck on thee Judea's woes Nor leave of thee one stone; Thy walls shall be the lion's lair, The jackal and the bittern there, And owl, shall make their moan!

But Salem's towers again shall shine Her second glory more divine. For there the Lord shall come Oh, then, my people, seek His face, Nor from a second day of grace In hopeless exile roam.

The song is hushed---Euphrates' stream Closed o'er the prophet and his dream. By angry tyrant slain; Yet Babel is a mouldering heap. And Judah's exiled children weep Their country lost again!

On the top of the upper row, and forming the summit of the bridge, is a covered aqueduct, or water-way. At a little distance this vast bridge seems almost as entire and perfect as when first built, and we can distribute the saddle and the base of the spine, when the right knee is around the second pommel. Girths usually hold better if crossed. A lady's saddle is well placed when there is a space of a breadth of four fingers between for fine teen centuries. It was elected solely for the purpose of carrying water across the valley, and was part of an aqueduct, twenty-shoulder. The custom of riding with the reins held in one hand has grown out of the training for army riding, where the right hand is needed for other work. In ordinary riding there is no need of following this rule. Often a quicker and more skillful turn can be made when both hands have hold of the

THE age does not so much need revivals of religion as a religion which needs no reviving. Continuous life is better than many alternating deaths and resuscitations.

THE recent action of the Assistant Bishop of New York in hallowing with the blessing of the Church the self-renunciatory vows of the Rev. THOUGHTS FOR LENT. CULLED FROM PASTORALS.

In the life of each baptized member of the Church, who has "come to the years of nence and service for the Lenten season. What the Church requires is that which is services of devotion." It was thus He strengthened His humanity to resist successfully the severe temptations of the world, the flesh and the devil which followed, and secured the ministration of angels. He is our Example. These three temptations ever assail us, and if we would successfully resist enticements to evil, we must walk in His footsteps—we must withdraw, as far as possible, from the busy world about us, that we may commune with God. The great lesson which Lent teaches us is self-denial; but, remember that fasting is not simply a matter of the body, but also of the spirit.-Rev. S. N. Watson. Rector of St. Paul's Church, Mexico, Mo.

THE true idea of mortification is that it is the love of Jesus, urged into that shape partly in imitation of Him, partly to express its own vehemence, and partly to secure its own perseverance. There can be time, I shall be very glad to give to any one secure its own perseverance. There can be no true or enduring love without it, for a certain amount is requisite in order to avoid mation about it they may desire.

Mortification is both interior and exterior, and of course the superior excellence of the interior is beyond question. But there can be no interior mortification without exterior, and this last must come first. In a word, to be spiritual, bodily mortification is indispensable.-Rev. F. W. Faber.

Do not hesitate before these or other Lenten duties in fear of being called a formalist. There may be those who like this sort of ber. Hudson, in his Harvard Shakespeare, American Church. in commenting upon the sleep walking scene in Macbeth notices the fact that the whole scene is too sublime, too austerely grand, save for diction of the plainest and simplest texture. The same remark, it seems to us, is equally applicable to the story of our Lord. Events there may be which are capable of being cast in the poetic mould, nay, some of them have been by our greatest poets, but a complete life done in verse, is impossible from the very nature of the case. But granting that it could be done, we then must have a poetical setting worthy of the priceless jewel of revealed Truth. This we fail to find in this metrical story of Our Lord. Rhyme there is, and frequently rhythm, but poetry-read this from His rejection at Nazareth:

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." I. W. LILLI, Postal Clerk Chicago & St. Louis Railroad.

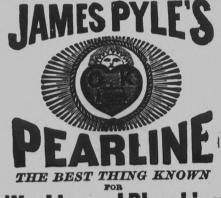

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ABBEY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combination of remedial agents; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence. Smith's Tonic Syrup

FOR THE CURE OF

AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has seen sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS

I frankly told him what my own he wished to devote himself to labouring appointed for the Festival in the Sacramensentiments were as reg: 'd such efforts as during that time in behalf of the people tary of St. Gregory. his, and I must say that I felt somewhat whom he had left. I was constrained to hold out my hand, which he took, and to say, "I thank you, my dear sir, for those words; I am all attention." He then told me that for the last seven years he had been working at Haggerston amongst his former co-religionsists, and that he had a mission house there exclusively devoted to this special object. For the first two years he appeared to do nothing, but during that time he was simply establishing his position, and he waited patiently in faith and trust. During the snuing five years his work has been steadily on the increase in the way of what may be a stable of the sundays in Lent are not to be observed as fast-days, the devotional tone down the devotional tone down the devotional tone given to them is carefully assimilated to that of the season; and a constant memorial of it is kept up by the use of the Ash-Wednesday of the week on Sundays as well as week-days. The ancient Use contained Collects for Mondays, Wednesdays and Fridays in Lent.

Although the Sundays in Lent are not to be observed as fast-days, the devotional tone given to them is carefully assimilated to that of the western Church, though taken from a different Evangelist; and the coincidence is a striking illustration of the unity of mind by which the whole Catholic Church is pervaded. It is plain also that this Gospel is intended to shew that the Apostle, on whose day it is used, was as much "numbered with" the other Apostles, although ordained by men, as any of those were who were ordained by our Lord Himlast seven years he had been working at Although the Sundays in Lent are not to which is used in the Western Church, on the increase in the way of what may be The Collect for this Sunday has not been termed "results," for within that period he traced to any ancient source, but as it con- self; and thus illustrates the great truth, has baptized above eighty adult Jews and tains the first allusion to fasting, it may pos-Jewesses, and close upon sixty of their sibly come down from that distant time children. HAZLETON.—Convocation.— The January session of the Reading Convocation was held in St. Peter's parish, on Monday and Tuesday January 26 and 27. There were in attendance, the Assistant Bishop, the Rev. Messrs. Hare of Lebanon (Dean), Koons of Minersville (secretary), Tolman, Nelson, Abel, Karcher, Thompson and Washburn (rector of the parish).

Having opened the session with business meeting at 4.30 P. M. the clergy reassembled last century. It must have been a cheerful the adjacent Sunday school room, they entask to live up to them: singing the 232nd. hymn. The addresses of the evening were animated and of a most interesting character; Rev. M. A. Tolman of Mauch Chunk drew a vivid picture of the Church in her mission work and the obligations resting upon every Christian to aid in it, referring specially to the Foreign field. Following him, the Rev. Mr. Koons gave an account of some good work being done in the Domestic field; and Mr. Abel, of the Church Home, dwelt earnestly upon the encouraging aspects of the Church's missions, showing graphically what a vast deal has already been accomplished; Mr. Hare then effectively told how Christ is fulfilling the prediction of the prophet that He should be "a leader and commander to the people;" and Bishop Rulison tellingly concluded the addresses. Throughout the service the closest attention was paid by the interested congregation.
At the 9 o'clock Communion service on

Tuesday morning, the Assistant Bishop delivered a thoughtful and earnest sermon from the text: "Launch out into the deep;" showing the need for more extensive catholic our "Father's business:" men are too prone to stop with the superficial, to skirt along the edges of things religious, if abiding good Each freeman shall swear by the blessing is to be effected, let them cut in to the core, let them "launch out into the deep." Hazleton counts within its boundaries some 10,000 inhabitants, and it is the business centre of over 30,000 people; while the mission town of Weatherly contains some 3,000 souls. Surely there is a great work to be accomplished here, and it is a satisfaction to see it progressing so favorably.

CINCINNATI-Woman's Work.-An interesting service for Churchwomen (the second of a series) was held at St. Paul's church, on the festival of the Purification of the Blessed Virgin Mary. It was largely attended by the ladies, of whom about one hundred par-ticipated in the Holy Communion, in which the Rev. Dr. Benedict, the rector, was the Celebrant, and the Rev. T. J. Melish the assistant priest. Bishop Jaggar then delivered an admirable address on Woman's Work, in which he advocated the largest liberty for woman the advocated the largest liberty for woman to engage in any sort of labor adapted to her sex; and showed that her especial honor was to sit at the feet of Christ, like Mary, and to abound in all religious activities. The Bishop justly thinks that he is beginning at the right end, when he seeks to revive and stir up the rather dormant Cincinnati church by special la-bors with Churchwomen, who are always the most spiritual and zealous portion of the Church.

DAYTON.—By invitation of the deafmutes of this city, the Rev. Mr. Mann delivered a lecture in sign language, on Saturday evening, Feb. 7th, in the ladies' room of Christ church. His subject was "The Life and Writings of Washington Irving." On the following Sunday he conducted two services, baptized two infant children of deaf-mute parents at the last one. At the deaf-mute parents at the last one. At the early Celebration he assisted the Rev. E. A. PHILADELPHIA.—Work Among the Churches.—Bishop Hare, of South Dakota, having under the action of the Board of Missions, been assigned to present the claims of Missions to the Churches in Pennsylvania, the Rev. The parish was organized some eighteen years ago, but, like many of those in our smaller towns, has seen some very depressing vicissitudes, and now it is threatened with another in the contemplated removal of the rector. Mr. Sparling lives at Gene-seo, having charge of Trinity church at that place also, and finds his charges too far sep-arated to serve them satisfactorily to himself, though the people seem thoroughly contented. With a few more classes like that lately presented to the Bishop, there ought to be no difficulty in obtaining a resi-

He spoke gratefully of the parish's present condition and hopefully of its future, defined the doctrinal standpoint of the Church, and concluded as follows: "With the financial condition of our church you are familiar. Considering the general depression in business, usually affecting the churches first, we have cause to be thankful that our church has been last to feel it. What we have we are maintaining. This church which is completing the fifth year of its existence, has lived and carried on a large benevolent work, almost entirely by the freewill offerings of strangers outside, the offerings by the congregation averaging only ten dollars per month. Theo. B. Foster, on the subject of "Intoning the Service" in which

"Look among the historical churches of Christendom for the history of the mode in which the services have been conducted for hundreds of years, and you will find that the method known as intoning has been almost the only rule. In our mother Church of England it has been known and observed for over a thousand years at least, and though St. John's church is gradually moving on to increased strength and greater influence.

The parish was organized some sight. the practice fell into comparative disuse for using it? None other than it is in accordance with the true principle of public worship already laid down. If the individual devotion is the primary idea of a church service, then it is an impertinence for clergy and choir to take the words of the confession out of your mouth and set them to E or G or any note or theme in the musical scale. On the other hand, if the confession is to be re-garded as the act of the congregation as a whole—and this is the dominant idea—what more appropriate than that it should be sung in music or in harmony? The effect when this is properly done, is truly grand. It leads the soul of the worshiper to the thought of his union with all the other worshipers as no other method could."

After the offertory the following anthems were sung with fine effect, under the competent direction of W. H. Woodcock, the choirmaster of the parish: "What are these?" Stainer; "The Lord is great," Righini; "Lord, for Thy tender mercies' sake," Farrant; "O, saving victim," Tours; and "Hallelujah" (Messiah) Handel.

Before the adjournment a stirring trio of missionary addresses was delivered by the Rev. Messrs. Cooke, Pope and Gilbert.

The following texts will be engraved upon it: "My meat is to do the will of Him who sent me," and "The poor have the Gospel preached unto them;" from the first text, Dr. Schenck preached his first sermon in the church, and from the second, the last he ever delivered. The pulpit will be ready, it is expected, by Easter Sunday.
